

THE 11:11 PRIME FREQUENCY

The MorningStar Teachings of Creator

“The MorningStar Teachings of Creator again return unto the Land.”

“We have all *been wondering* what the 11:11 Ceremonies and Teachings are. Now, we know more: 11:11 is the *prime frequency* that blesses Earth and All Her Relations through our Twin Planet the Morning Star.

“Long ago, the *Kumaras*—an Ancient Society of *Venusian Masters*—accepted the task of raising Earth from apocryphal darkneses unto the **Star of Freedom**. In league with *Masters of Pleiades*, *Bodhisattvas of Andromeda*, and the *Galactic Presences of the Whirling Rainbow*, the *Kumaras* instituted a *heart-resonating frequency* of **Universal and Spiritual Law** to actualize Mother Earth’s destiny.

“This **Starpath** from *Galactic Center* through *Andromeda* through *Pleiades* through *Venus* unto *Earth* was thus established as the Christ Path by *Immanuel* at the inception of Pisces.

“With 2000 years of *Evolution of Heart*, through this Shepherd of Love and Blue Road of Spirit, Earth’s Children are finally ready to receive the **Galactic Laws of Creator** that govern All That Is.”
