

MAKA WICAHPI WICOHAN

Universal & Spiritual Laws of Creation

By Standing Elk

"To walk the Canku Luta -- The Red Road -- with the Wicahpi Oyate, the Star Nations, is to focus one's life in Spirit. It is to live and dream and act as the Stars we are upon our Mother Earth, Unci Maka, a green jewel of the Universe." -- Canku Woksape Wicasa Pathfinder (Cherokee-Catawba-Apache. Interpreter, Sundancer, Star Altar Carrier).

On a cold winter day in 1995, on a mountain in Wyoming, *Hehaka Inazin*, Standing Elk, *Ihanktowan Dakota*, was praying during a four-day fast, *Hamblecia*. He was praying for a blessing and direction through a Star Altar, the Elk Way of the *Canupa Wakan*, the sacred pipe. Later that night, he was visited in Dreamtime by four, tall, metallic-speaking Orion Star People, *Wicahpi Oyate*, who showed him a bar with symbolic writings. Receiving instructions telepathically, Standing Elk began a journey that to this day is just beginning.

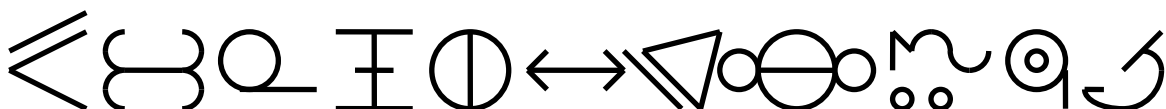

Later that year at the International UFO Conference in Mesquite, Nevada these same star symbols were presented having been discovered on control panels of the Roswell starcraft. Standing Elk, understanding that the symbols' interpretation was far from complete, sought further inspiration from his Vision with the Orions.

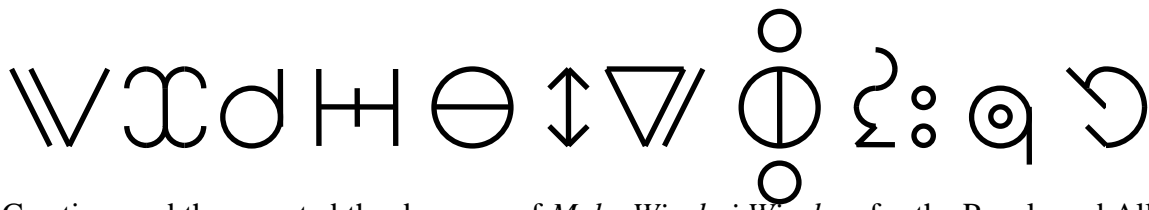

Returning to South Dakota, Standing Elk began a series of ceremonies utilizing the Sun Dance Altar of his grandson, Deer Man, and the *Inipi*, the sweat lodge ceremony. Soon a spirit teacher named *Ista Wanzi*, One Eye, emerged from the inner worlds to interpret one by one, ceremony by ceremony, *11 Universal and 11 Spiritual Laws of Creator* -- grounding each sacred symbol through a name and a basic understanding. The teachings of these many ceremonies were compiled into the book *MAKA WICAHPI WICOHAN*.

In June 1996, Standing Elk held the first international Star Knowledge Conference in Wagner, South Dakota and released these *22 Sacred Star Laws of Creator*, giving what was known at that time: the name and a brief interpretation. He then put out a call for further spiritual interpretation to fully ground the Universal and Spiritual Teachings.

Later, in the fall of 1996, Standing Elk, Pathfinder, SilverStar and several spiritual teachers held ceremonies through the *Canupa Wicohan*, the Way of the Sacred Pipe, to bring through the Spirit Grandmothers and Grandfathers. The messages of these spirits represent the Galactic Federation's outreach to Earth's Peoples.

Approximately 70 spirit helpers of Earth, Stars, and the Ascended Realms extended their influence to Earth's kingdoms through the 11:11 Universal and Spiritual Laws of

Creation, and thus created the doorway of *Maka Wicahpi Wicohan* for the People and All the Relations.

Elders, Spiritual Leaders and others to share the teachings of the *Tunkasila* and *Unci*, Grandfathers and Grandmothers, and the spiritual knowledge of the Star Nations with the People of the Americas and the world. Through his personal contacts with the Elders, Standing Elk knew that they were in agreement that it is time and is in fulfillment of the prophecies to share teachings that are vital for our existence as a human race. The sharing of the dreams and vision of the *Tunkasila* will strengthen the foundation of Nations, will strengthen the Hearts of ones who are sincerely part of the foundation of the Thousand Years of Peace.

"We are all part of the Sacred Hoop that needs to be mended. We must make a humble effort in this task for the Seventh Generation, our grandchildren and unborn to survive the next awareness. Mitakuye Oyasin." -- *Hehaka Inazin* (Standing Elk, Dakota Spiritual Advisor and Sundance Chief).

MAKA WICAHPI WANIYETU *A Sacred Walk with the EarthStar Symbols*

"The Sacred Folk upon the land are those Star Folk who receive their energies from their stellar homes through Ceremony with the Stars." --Melchizedek Zakaron, that one known as Metatron.

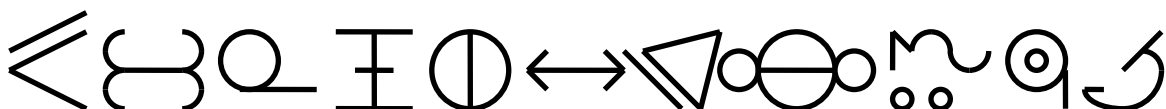

In 1999, in the Heart of the Dove, the Heartland of Grandmother Turtle Island, the Galactic Federation gifted the **MAKA WICAHPI WANIYETU**, The EarthStar Calendar to the Peoples of Mother Earth.

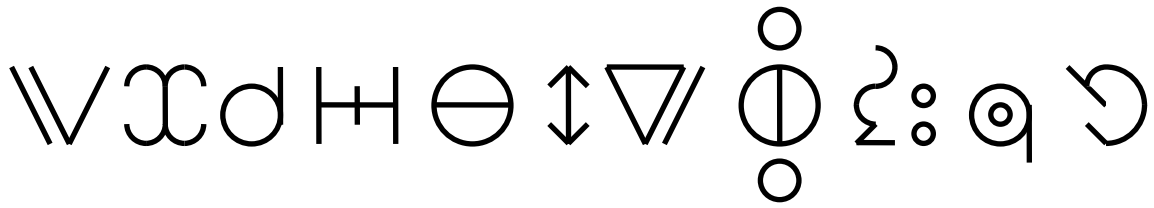

This 13 Moon Ceremonial Calendar was received in ceremony on the New Moon, Moon of the Grandfathers, the day of an Eclipse of the Sun, opening of the StarGate of Healing with the Moon in Aquarius. Hehaka Inazin, Standing Elk, stood as protector of the ceremony, *Canku Woksape Wicasa*, Pathfinder, interpreted the message, and *Mazaska Wicahpi Waste Winyan*, SilverStar, anchored the incoming energy.

Relatives, we present the **2003 Thirteen Moon Ceremonial Calendar** -- a Prayer Way, a Peaceful Way.

*Dedicated to the Seventh Generation. . .
and Beyond and Beyond and Beyond*

The Square World is Ending

Some of the Old Ones explain the current way of living as "*the square world.*" Their Wisdom at this time is that, "*the square world is ending.*" -- Wallace Black Elk, Lakota Elder (Spring Equinox, 1999, Star-Knowledge Gathering, Fort Collins, Colorado).

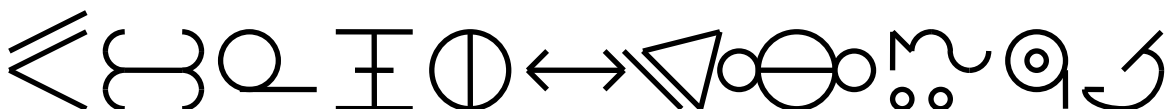

One of the ways the square world is held in place is through the use of the man-made calendar. Following an out-of-sync calendar creates fear and keeps us in the belief that we are separated. When following the arbitrary man-made calendar, we experience much stress, expend needless effort to '*be on time*', are insensitive and out of balance. We no longer have the luxury of denial, of walking a false way. Our spirits, our bodies, our hearts *know the Truth of direct experience.* Our very cells respond to the life-giving rhythms of Earth, Moon, Sun and Sacred Stars.

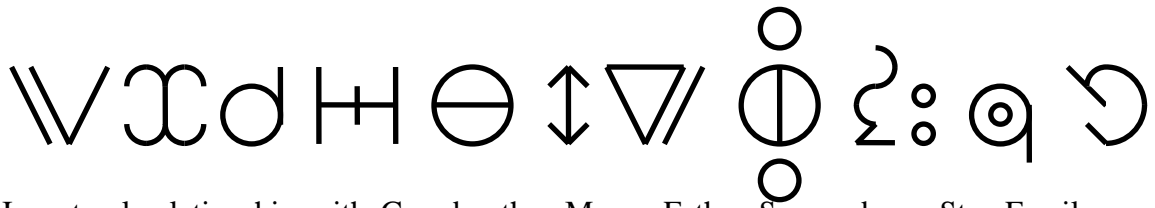

A Thousand Years of Peace

Now in the new millennium there is much talk of *time.* We were born into a world keeping time with an arbitrary calendar. Considering the lunar way, the Ancient Grandmother Moon Way, a problem for large city-states, man made a calendar system to suit the purposes of those in power. As long ago as 4,500 years bureaucrats started regulating tax collection through a man-made calendar -- a left-brained way. The feminine lunar rhythm of Grandmother Moon was dishonored, a gentle life of sacred Earth and Moon and Star ways stolen.

Yet, through all time, many Earth Peoples have continued living naturally, keeping the balance through ceremony with the Earth, Moon and Stars, maintaining peaceful unity, guarding Spiritual Truths -- the Ancient Ways.

Through Free Will, we, too, can choose this Way of Balance -- following the 13 Moon Way, praying and meditating daily with the Earth, Moon and Stars. Becoming gentle, day by day, we walk strong in the Beauty Way, grow in the LOVE way. Walking in the garden, the home Creator gave us, purifying ourselves in prayer and meditation, in a gradual and graceful way, we rise above these "*society conveniences and ways that we've grown to accept though they're not so much in harmony with Mother Earth.*" [Unci Maka, Mother Earth.] In the freedom of Spiritual Time, we remember, dream, create, imagine, laugh, and are free. We strengthen our spirits, heal our bodies, think sacred thoughts, speak good words, and GROW in the Spirit of Love in balance with All Our Relations.

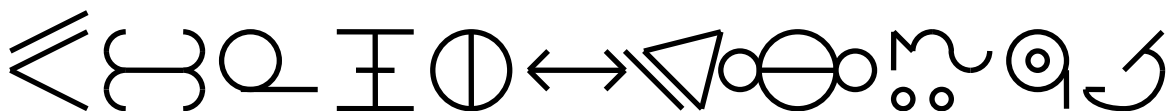

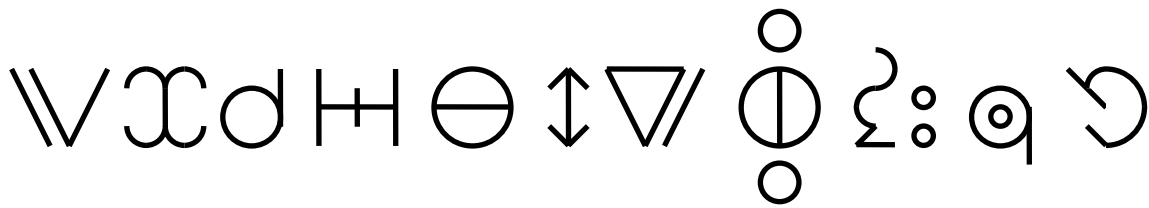

In natural relationship with Grandmother Moon, Father Sun and our Star Family, we become compassionate, peaceful elders once again teaching the children to live Ancient Harmony Ways bringing in the Thousand Years of Peace.

Following a 13 Moon sacred prayer calendar is a choice – your choice.

"There is no 'try'. You either do or you don't." -- Hehaka Inazin, Ihanktowan Dakota Elder.

INTRODUCTION

The Thirteen Moon Symbols

The Wheel of Humanity – The Four Doors of Metatron

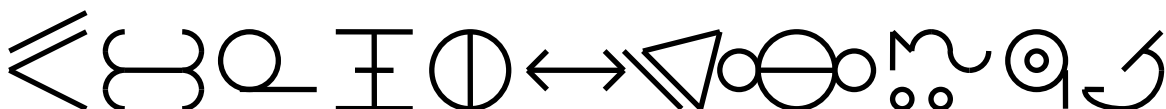

The 13 Moons of the year are our walk with the first 12 Universal and Spiritual Laws of the MAKA WICAHPI WICOHAN and the thirteenth: the ancient ANTAKARANA Symbol.

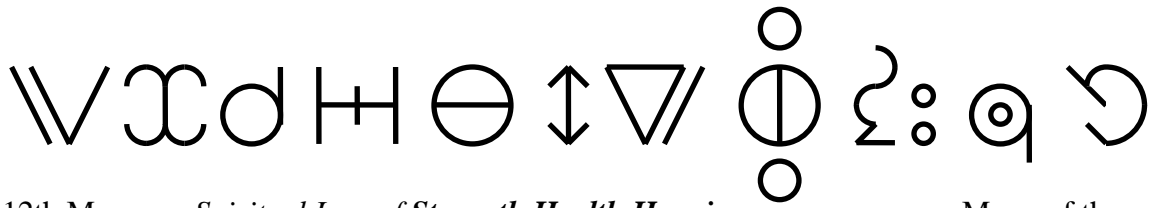

"The binding influence of these 12 Universal and Spiritual Laws is the symbol known as the Web of Life, the Antakarana. " -- Ite Otapi, Many Faces

Archangel Metatron explains the spiritual aspects of the calendar, *"These symbols represent the Wheel of Humanity. In each direction of the Wheel of Humanity there are three Spirit Helpers known as these symbols. The Truth is, is that all twelve symbols are perfectly interchangeable. This is why the hundred and forty-four (144) is true. When you master the twelve within the twelve through this Star Language and through the walk of the Medicine Wheel, your Star Nature is born. Each door (of the Four Doors of Metatron) shall have a trinity of symbols -- a trinity of Sacred Laws -- and each law, a trinity of applications. It creates a calendar, a sacred walk with the star symbols. It is a recreating of your values as well."*

The Twenty-Two Stellar Influences

The Old Ones, our Anasazi ancestors, understood that all stars have power and influence life. Twenty two star systems lie in deep space in the north and south of the starpath we know as the zodiac. In recent ceremony Hehaka Inazin, Standing Elk, Ihanktowan Elder of the Earth and Star Ways, shared the message for us to give attention to these 22 star systems. Spirit asks us to walk more strongly with this Way of the 22.
